Semi+curtain w/moffett	2	up to 45,000	32' or 48'	8'	26	48'			Forklift	4,500

NOTES

- Longest product based on wheelbase, can be affected by load type (skid can't overhang 4', bundles that are staggered might not be legal)
- Longer loads are possible on some units with a permit. Please call 306-653-8501 for exact specifications.
- Moffett and Picker have equipment mounted at rear, so no overhang possible.
- Weight capacity for all vehicles is based on primary highway allowances. Actual legal weight may vary on some routes depending on time of year.

* With Permit

** Hitch capacity assumes equipment being towed has brakes. Some equipment is possible to tow without brakes, please call for further details.
